14 November 1952

MEMORANDUM FOR: Deputy Director, Plans
FROM : Deputy Director Central Intelligence

25X1 1. [] called to see me this afternoon. The
25X1 real purpose of the visit apart from a general desire to establish
25X1 some contact with us, was to recommend for possible use in South
25X1 America a certain [] who worked with us in OSS days in
25X1 [] Washington particularly in connection with []
25X1 [] matters. [] apparently is an expert on Latin America
25X1 and [] feels he could do a unique job there. [] record
25X1 should be available in great volume in the OSS files. Personally
I did not see enough of him in 1942 to judge of his utility. I
know he is extremely smart.

25X1 2. I understand [] is now a naturalized American but do
not know the date of his naturalization; Francis thought it was
sometime during the war. I doubt whether we have the time or
patience to work with F.M. but we might look up [] record.
